in Pittsburg.

Archbishop Williams.

Dedication of a Statue to Miss Willard at
Troy, New York.

THE HARRISON MEDAL.

Pittsburg, Pa., May 16.—It was a distinguished body of divines and laymen that assembled this morning within the walls of the Third Presbyterian church. From every nook and corner of the United States, from far off China and Japan, from India and Africa and South America, and from our sister republic across the Texas border, the representatives of the great Presbyterian denomination had come together to tell what had been accomplished in their respective districts during the past year for the cause of their Master, and to deliberate and legislate for the future needs of the church. There were many well known faces among the early arrivals, while not a few of those who were conspicuous in the meetings at Omaha, Detroit, Saratoga and other gatherings of previous years, were missed by their friends and religious compatriots, their absence telling the story that the grim reaper had been at work amongst the members of the faith. There were many young men among the delegates, while the colored contingent from the south was larger than in previous years.

Promptly at 11 o'clock the retiring moderator, Rev. Samuel A. Muchmore, D. D., LL. D., of Philadelphia, accompanied by the presidents of the various boards of the church, appeared upon the platform, and a light tap of the gavel upon the mahogany table made formal announcement that the one hundred and eighth General Assembly of the Presbyterian church in the United States of America—to quote the official title of the body—had become an accomplished fact. There was no need for the appointing of a committee on credentials, for Rev. Dr. Roberts, of Philadelphia, the secretary, and Rev. Dr. Evan Moore, Columbus, O., the permanent clerk, had been in session since 7 o'clock a.m. solving the credentials of commissioners, and in giving to them the necessary authority to take part in the deliberations of the general assembly. The proceedings were opened with the singing of hymns and the offering of prayer, and the annual session was then dissolved by Rev. Dr. Muchmore. It was a scholarly discourse and was listened to with profound attention. At the conclusion of the religious exercises a recess was taken.

On re-assembling the body will at once proceed to the election of a moderator, the candidate of the conservatives is Dr. Russell Booth, of New York City, the famous anti-Bridge fighter. The liberals, on the other hand, will cluster around Dr. George Alexander, also of New York, and he has been at the head of the Bridge party for the last five years. While the proportion of liberals in this assembly is greater than in any previous one, the conservatives appear to have the upper hand, and the selection of Dr. Booth therefore seems a certainty. At the same time the body is leavened with young and unknown commissioners, and many of these are reputed to possess liberal affiliations that the contest may be close for the liking of the conservatives, especially as the vexed question of boundary control is to be fought over again.

Another Sipping Frost.
Detroit, Mich., May 16.—Garden truck and trunks suffered severely in many sections of the state as a result of last night's frost.

Among the Trusters.
Suckless Jerry, a Kansas pacer, named after the great statesman, is promising great things in that state.

Klamath, 2:22, will be brought east by Thomas Keating, instead of coming with the Salubrious string. The exact location is not yet decided upon. Another green pacer at Indianapolis is burdened with a name that may become great. He is called McKinley Bill.

G. will accompany the fire boys and militia men from Albuquerque and will be glad to give a concert in the plaza grounds. —New Mexican.

Honoring Archbishop Williams.
Boston, Mass., May 16.—The fiftieth anniversary of the elevation to the priesthood of Archbishop John J. Williams was celebrated to-day with considerable pomp and ceremony. Preparations for the event had been in progress since last fall, the members of the clergy and laity comprising the committee of arrangements having overruled the desire of the venerable ecclesiastic that the anniversary should be recognized by a simple cele-

bration of mass. From an early hour this morning the archbishop was overwhelmed with congratulations, many brought in person and others coming by wire from the most distant parts of the country. At 11 o'clock the observance began with the celebration of pontifical high mass in the cathedral of the Holy Cross. Signal honor was paid to the central figure of the occasion by the presence of Cardinal Gibbons and Mgr. Satolli, the apostolic delegate, who had journeyed respectively from Baltimore and Washington to express by their presence their love and honor for the head of the Boston diocese.

Wedding to Ex-President Harrison.
Newark, N. J., May 16.—Ex-President Harrison was honored to-day by the New Jersey Historical Society, and which, on the semi-centennial celebration of its formation, presented him with a gold medal in recognition of his participation in 1865, in the execution of the centennial anniversary of the inauguration of President Washington. The object of the medal is a miniature reproduction of the Houdon bust of Washington. A copy in silver was also presented to Vice-Chancellor Green, who was the chief executive of the state at the time of General Harrison's visit. Brief addresses were by both recipients but there were no set orations.

Miss Willard's Statue.
Troy, N. Y., May 16.—The statue of Miss Emma Willard, erected by the association which bears her name, and which has been erected on the grounds of the Troy Female seminary, was unveiled to day with appropriate exercises in the presence of a large throng. Mrs. Hale, a large delegate of the Emma Willard association of New York City, Rev. Bishop Potter was the orator of the day, and the audience sang Mrs. Willard's famous composition, "Rocked in the Cradle of the Deep."

THEY WILL COME.

"Free Coinage" Club of Cerrillos will be here Sunday.

Yesterday, The CITIZENS received information from Chas. Lyon, manager of the Cerrillos horse racing club, that the Santa Fe club could not visit Albuquerque the coming Sunday, but would like to come here on Sunday, May 26. The latter game was accepted, in view of the above facts, but the following self explanatory dispatch was received this morning:

CHAS. LYON, N. M., May 16.
T. McCreight, Manager Albuquerque
Browns.

The Santa Fe game is off. Unless you have arranged otherwise, will bring the horses and play you Sunday. —Chas. Lyon.

Answer was at once given by Mr. Lyon to the effect that the "Free Coinage" club will be expected here next Sunday, when in the afternoon they will cross bats with McDonald's "Unterfries" at the fair grounds. The manager of the "Free Coinage" club, Chas. Lyon, is also the mayor of Los Cerrillos, and he has one of the neatest and most gentlemanly teams of ball players in the territory. They will arrive on the 9:30 train Saturday night, being met at the depot by the Browns players as committee.

The batting and playing positions of the two clubs will be printed in due time.

Los Angeles, Calif., May 16.—A San Francisco press dispatch stating that owing to the efforts of Gen. A. J. Warner, chairman of the national executive committee of the American industrial party to honor Joe C. Sibley for the presidency, that the state silver league had seceded from Gen. Warner's organization, was misleading. Col. John R.
